

MANUAL DEBURR

- 3 sizes in one tool
- Iron pipe - copper - metric sizes
- PVC - CPVC - ABS - PE - PP

Ref: DEB1 Manual

POWER DEBURR

- 3 sizes in one tool
- Iron pipe - copper - metric sizes
- PVC - CPVC - ABS - PE - PP

Ref: DEB1 Powered

BEVEL BOSS

CONE DEBURR

- Deburr the ID and OD of PE
- Versatile shape for sizes up to 2"
- PVC - CPVC - ABS - PE - PP

Ref: DEB2

QUICK RELEASE™ CUTTERS

- Quick Release™ - a REED INVENTION
- Quick wheel change - Ball detent wheel pin
- Model's Capacity 1/8" - 10"

Ref: TC1QPVC - TC8QPL

SCISSOR SHEARS

- Scissor shears with capacity to 1.7" OD
- Ideal for thin wall and small diameters
- Industrial grade non-stick blade

Ref: SC1 - SC125

INFINITY

RATCHET SHEARS

- Simple one-handed ratchet operation
- Replaceable - resharpenable blades
- Capacity to 2" plastic (2-1/2" OD)

Ref: RS7290

CHAMFER – DEBURR

- Snap on to plastic pipe & rotate
- Size range 1-1/4" to 4"
- PVC - CPVC - ABS - PP

Ref: DEB4

CLEAN REAM EXTREME

- Save and reuse fittings
- Kit form or individual sizes 3/4" to 4"
- Guaranteed for 1000 reams

Ref: PPRK4

EXACT P400

- Cut and or bevel Plastic Pipe
- 15 degree bevel while cutting
- Capacity 4" to 16"

Ref: P400

- Cut a variety of materials with a simple blade change
- Capacity 18" to 120"
- Wall thickness .78" to 1.7" (material dependent)

Ref: PipeCut Infinity

EXACT 460 PRO

- Heavy Duty 2-speed Pipe Cutter
- Cuts Plastic – Steel – Cast, with ease
- Capacity 4" to 18"

Ref: 460 Pro

POWER CHAMFER

- Chamfer pipe for solvent welds
- Inside and outside simultaneously
- In a Kit or Individual sizes

Ref: PBKIT

- BEVEL BOSS Creates 12 or 15 degree bevels
- 4" and larger internal bevels
- 2" and larger external bevels
- Adjustable bevel length
- Adapter available for other die grinders

Ref: CPBDK

BEVEL BOSS ADAPTER

- Use with Bosch - DeWalt - Milwaukee
- Bevel bits sold separately

Ref: CPBDT

TOILET CLOSET FLANGE REMOVAL

- Special size for toilet closet flange
- 4" S/40 PVC
- 3/8" Hex shaft

Ref: TFR400

INLINE CUTTER

- Only 6" to 8" clearance required to turn the cutter
- Carbide tipped blades are long lasting
- Can penetrate up to 2" wall thickness

Ref: PLAS1

INTERNAL PIPE CUTTERS

- Simplified cutting from the inside
- Ideal if cutting pipes below grade
- Available with saw tooth or abrasive blade

Ref: ICIA - ICIS

GUILLOTINE PIPE CUTTER

- Cut SDR15.5 to SDR9 (PRE) within 1/8" of square
- HPC12 cuts PE up to 12"
- Durable non-stick coated resharpenable tool steel blade

Ref: HPC8+ - HPC12

PLASTIC SOLUTIONS KIT #3

- For PVC - CPVC - PP - ABS - PE
- Includes TC4QPVC - DEB4 - ICISL

Ref: TC4-636SK

PIPE DESCALERS

- Faster and more effective than chains – 3 sizes available
- Only 2" of clearance required
- The DS12B belt is replaceable

Ref: DS12 - DS36 - DS12B

BEAR HUG HD

PLASTIC SOLUTIONS KIT #5

- For PVC - CPVC - PP - ABS - PE
- Includes TC2QPVC - TC4QPVC - DEB4 - DEB1IPS

Ref: TC-AQRSK

PE STANDING SHUT-OFF TOOL

- Stop the flow in 3/4" and 1" PE
- 30" handles allow for clamping leverage and reach
- Perform shut-off from above the ditch

Ref: SSO1C

MID-DUTY HYDRAULIC SQUEEZE OFF TOOL

- Capacity 3" to 8"
- 50,000 lbs of force exerted on the pipe

Ref: PES8H

PE WATER SERVICE SHUT-OFF

- One size does all 3/4" to 1"
- Zinc plated with knurled grip catches
- Latch at far end holds the tool closed until repair is made

Ref: PESO1

PE MANUAL DOUBLE SQUEEZE OFF TOOLS

- Optimized double bar design
- Ball bearing design reduces operator fatigue

Ref: PES4DB

PE MANUAL SINGLE SQUEEZE OFF TOOLS

- Positive stops prevent over-clamping damage
- Capacity 3" to 6"

Ref: PES6M

PLASTIC PIPE JOINERS

- Controlled feed prevents over-insertion
- Easily join 4" to 16" gasketed or 4" to 12" solvent joints

Ref: PPJ - PPJFA - PPJVS

PE PIPE PEEL

- Works well on out of round pipes
- Creates uniformly peeled surface
- Two tools cover 1-1/2" to 12"

Ref: PEPEEL6 - PEPEEL12

PIPE SLICE

- Splits 3/4" to 1" Poly Pipe and Copper
- Available with 50 - 75 - 100 or 150' cable
- 8500 Mini Pipe Slice splits 1/2" to 3/4"

Ref: WR8500 - WR8600 - WR8601

PVC HOT TAP

- Drill through the pipe wall under pressure
- Drill feed rate can handle up to 1-1/8" wall
- Steel parts are plated or powder epoxied

Ref: DMPVC - DMPVCCOMPLETE

PE FLARE

- Forms a permanent cold flare
- Flare medium and high density PE
- Hand operated with vise grip grips

Ref: SFPE3/4 - SFPE1

INTERNAL PLASTIC CUTTER

- Cut at floor level or blind
- Capacity of 1-1/2" to 6" S/40 or S/80

Ref: WR1590 to WR6000

FLOOR MODEL PIPE VISE

- Designed for pre-trench or field work
- Capacity of 2" to 20"
- Pipe vise tightens chain and smooth jaws around the pipe

Ref: FPV20

PE TRUE PEEL

- Removes 0.009" peel thickness
- Spring actuated hardened blade
- Close fitting mandrel rounds the pipe

Ref: PEPIPS7

HAND PIPE BEVELER

- 15 deg pipe beveler
- Bevels all types of plastic
- Adjusts to bevel multiple sizes

Ref: BT1 - BT2
